NVR 3 Standard

ACTi Network Video Recorder

- Manage up to 64 cameras or video encoders (Expandable to unlimited cameras via CMS)
- Recording up to 64 Channels
- · Live view up to 64 Channels
- Synchronized playback local up to 64 Channels
- · Export video with RAW and AVI formats
- Event trigger, response and notification
- Mobile Client, Web Client, Workstation
- 16-channel free license included
- Non-ACTi camera support via licensed camera Device
 Pack

SPECIAL FEATURES

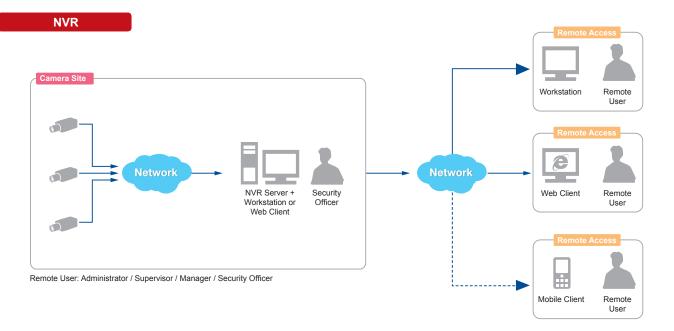

Up to 64 channels synchronized playback

Instant playback in live view window

SOLUTION ARCHITECTURE

NVR 3 Standard

PRODUCT SPECIFICATION

NVR 3 Standard

			NVR 3 Standa	ra					
General									
ull Name			Network Video Recorder 3						
laximum Number of Clients			nlimited remote (recomme						
aximum Number of Cameras	64 (Expandable to unlimited cameras via CMS)								
ree License	16 channels for ACTi devices, 1 channel for third-party device								
ompression	H.264, MPEG-4, MJPEG								
Live View									
splay Layout Mode		1, 4, 6, 8, 9, 10	12, 16, 18, 24, 25, 35, 36	, 48, 49, 64, custom					
ew Manager		An interface to define display layouts	s and the pre-set cameras	within layout in the public or private	view				
ew Patrol		Automatic	iews or devices						
ew Panel		Contains the list of pre-defined views for quick launch							
evice Panel		Drag and drop video source from device panel into display layout; display camera status							
gital Zoom		Ç	by mouse scroll wheel or						
anual Recording / Snapshot	Instant recording upon mouse click / Instant snapshot upon mouse click or hot key								
rent Panel	Display (Display event status upon alarm or upon connection loss or recovery between server and client or when the allocated disk space is full							
vo-way Audio	Diopidy								
ual Stream Management	Audio sound from and to all the audio supported devices; audio broadcast to multiple devices at the same time Live view of stream 1 or stream 2 of dual stream devices								
stant Playback	Instant playback in live view window								
		1113	ant playback in live view	WINDOW					
		Deve tilt and examples	and a second an attack in the the	with the second s					
ontrol	Pan, till and zoom controls; speed control; both buttons and overlay controls								
eset Points and Tours	Create preset points; create auto tours between preset points								
Imber of Preset Points	32								
ystick	USB based joystick supported								
pport Protocol		Auto-detect camera's PTZ protoco	ol (available protocols: AC	Fi, Pelco-P, Pelco-D, Dynacolor, Visca	a)				
ecording									
heduled Recording		Reco	rd video with user defined	schedule					
ent Recording	Record video when the alarm event is triggered, including the pre-event buffered video clip								
eed Up	Different recording frame rate settings for non-event and triggered event								
anual Recording	Instant recording infinite rate optimizing upon mouse click								
e-Event Recording		User-defined time period to record before event occurs, and the maximum buffer is 60 seconds (default 5 seconds)							
ost-Event Recording	User-defined time period to record after event occurs, and the maximum buffer is 3600 seconds (default 30 seconds)								
ual Stream Management			stream 1 or stream 2 of du		5 566611467				
Search & Playback		Recording of		ar stream devices					
ecording Search	Caarah	ideo recordingo hutimo quant chonnol ha	alimanti and listed as aliali	his thumbrails for full size view and	ananahat dawalaad				
Ū	Search v	video recordings by time, event, channel, bo			•				
ayback Control		Continuous forward and backward playback with speeds 1x/2x/4x/8x or frame-by-frame; pause; stop							
nchronized Playback	64 channels								
anual Snapshot	Instant snapshot from playback upon mouse click								
gital Zoom		Zoom in	out digitally by PiP (Pictur)	e-in-Picture)					
deo Export		Export video clip	s in AVI or RAW format; te	ext overlay supported					
Event Management									
vent Trigger	Video motion detection	ion; Passive IR sensor; External device through digita	I input; Video loss and recovery	Network loss and recovery; Server loss and	recovery; Disk full; Disk not for				
vent Response	Re	ecord video; Pop-up window with live video; Switc	h to hotspot window; Play be	ep sound; Activate external device throug	h digital output;				
vent Response	Upload snapshot to FTP server; Execute system command to activate other programs; E-mail notification with snapshots; Command a PTZ device to go to a preset poi								
anual Event		Manually activate exter	nal devices through digital	output via live view monitor					
vent Handling		Defi	ne the schedule of event i	nanager					
System	1								
ermission Control	12 users an	nd 3 user groups in maximum; Customizable	permissions for user grou	ps, Playback password protected, Pa	assword validity period				
anguage			Multi-language suppor		<i>.</i>				
anguage Import/Export	Possibility to import or export language packs for convenient local language management								
ustomizable User Interface									
uick Setup	Define the layout of user interface for live view and playback								
		Configure basic settings of NVR							
PS Position			Manual setting						
		User interface program (Workstation) with live view, PTZ, playback, event management, setup							
C Client Program					Microsoft Internet Explorer with live view, PTZ, playback, event management, setup				
C Client Program		Microsoft Internet Explorer	with live view, PTZ, playb	ack, event management, setup					
C Client Program C Web Browser	M	Microsoft Internet Explorer lobile device application (Active Mobile Clier	with live view, PTZ, playb nt) supports live view, PTZ	ack, event management, setup control, event or time based search a	and playback
